

Performance Review Policy

Review Cycle

Performance reviews are conducted twice a year: a mid-year check-in in July and an annual review in January. New employees receive an additional 90-day probation review.

Rating Scale

Employees are rated on a 5-point scale: 1 = Needs Improvement, 2 = Developing, 3 = Meets Expectations, 4 = Exceeds Expectations, 5 = Outstanding. Ratings feed into the annual compensation review.

Performance Improvement Plan (PIP)

Employees rated 'Needs Improvement' for two consecutive cycles are placed on a 60-day Performance Improvement Plan. The PIP is co-created with HR and the reporting manager, with clear measurable goals and a check-in every 2 weeks.

Appeals Process

Employees who disagree with their rating can file an appeal with HR within 10 business days of receiving the review. A second-level manager will review the case and respond within 15 business days.
